

Mountain Ridge Little League

Frequently Asked Questions – Fall Season

Q: What if the Questions and Answers below don't address my specific question?

A: No worries! We did not attempt to answer every possible question here – that would be a lot for one page! Most if not all questions related to our league can be answered by our website at mrl.org – be sure to check out the Information Tab and our Bylaws and Local Rules. If you're still stuck, feel free to reach out to us at information@mrl.org.

Q: What is the purpose of Mountain Ridge Little League's Fall Season?

A: *It's all about development! Even in our competitive divisions, we've challenged our managers to give players reps at new positions and to increase the number of players who pitch and catch. At times, coaches may not be managing to "win the game" in the fall, and that's ok! Our objective is to ensure every player comes back to us next spring ready to play their best baseball. Please support our managers and coaches in prioritizing player development this fall.*

Q: What is my player's Little League Age?

A: It is important to know that a player's actual age at the time of registration or the season beginning is not necessarily his or her age for Little League registration purposes. For baseball players, "League Age" is defined as the age the player is on August 31 of the given year. To confirm your player's League Age, please visit the [Little League Age Calculator](#).

NOTE: Mountain Ridge Little League standardizes player League Age for both the Spring and Fall Seasons. A player's League Age will be the same in the Fall Season as it was in the preceding Spring Season of the same year.

Q: How do I know if my player is eligible to play with Mountain Ridge Little League?

A: It depends on your player's League Age. Players League Age 7 or younger can register regardless of geographic eligibility. For players League Age 8 and older, a parent/guardian must reside inside Mountain Ridge's boundaries, or the player must attend a school inside Mountain Ridge's boundaries. For more information, please visit our [Eligibility Page](#).

Q: What programs/divisions do you offer and what are the registration fees?

A: For division offerings and pricing, please see our [2026 Fall Registration Flyer](#).

Q: Is my player guaranteed to play in the division he/she was registered for?

A: Unlike the Spring Season, in the Fall Season there is no draft in the Minors, Majors, Juniors, and/or Seniors Divisions. Players will be rostered in the division they are registered for (so long as they are age-eligible for play in that division). As a general rule, we encourage families to register their player for division in which they hope to play the following spring.

Q: Can I request a specific manager/coach for my player?

A: Yes, you may request a specific manager/coach in the Coach Request section of the registration application (via the Registration Portal) for all divisions in our Fall Season. However, such requests are not guaranteed.

Q: When and where are team games and practices held?

A: For teams in our Tee Ball, Rookies, Minors (A, AA, AAA), and Majors Divisions, all games and practices will be held at [Mountain Ridge Park](#). Teams in our Juniors and Seniors Divisions may play an Interleague schedule and games may be hosted at other locations. Generally, all divisions will play two games per week throughout the season, with one or two practices per week as well. Specific game days and times are set at the beginning of the season once teams are rostered.

Q: When does the Fall Season start and end?

A: Fall Season practices typically start in mid to late August. Games typically start in early September and run through mid to late November. The Fall Season typically wraps up prior to Thanksgiving.

Q: Are uniforms included in Fall Season registration fees?

A: No. In the Fall Season, Team Managers are responsible for ordering uniforms for their teams. Team Managers then typically split the cost of uniforms amongst participating families.
